#### PUPILS

1. Excuses for absence or tardiness, and requests for dismissal before the close of the school, must be made to Superintendent in writing by the parent or guardian.

2. Pupils are expected to abstain from everything that would dishonor themselves, their parents, or the school.

3. Pupils are required to be punctual and regular in attendance; to devote their time to the proper duties of the school room; to conform to the rules of the school; to obey promptly and faithfully all directions of teachers, and to be respectful to them.

4. Pupils on their way to and from school, are strictly required to conduct themselves with proper decorum, and to refrain from loitering by the way.

5. Any pupil in the Primary grades who shall be absent or tardy *four times* in four successive weeks, and any pupil above the Primary grades who shall be absent or tardy *three times* in the same length of time, except in case of sickness, shall be suspended from attendance at school at the option of the Superintendent. Such suspension to remain in force until satisfactory assurance is given that attendance will be punctual in the future. The Superintendent may reinstate a pupil who has forfeited his seat, but in case of a second forfeiture he can be readmitted only by special order of the Board. Absences that occur when attendance at school would endanger the health of the pupil, shall be regarded as absence occasioned by sickness.

6. Any pupil who shall leave School at recess, or at any time before the regular hour for closing, without the consent of his teacher or Superintendent, shall not be permitted to re-enter his class without written permission from the Board, unless he can render an excuse or apology satisfactory to the Superintendent.

7. Pupils must walk quietly through the halls and up and down stairs, and not remain in the halls or stairways, at any time when their school rooms are open. They must refrain from all conversation in the halls or stairways, and not go into rooms belonging to other grades without permission from a teacher.

8. Pupils must not throw stones or missiles of any kind, upon the school grounds or in the streets. They must go directly to and from school without loitering by the way, and must not collect on the streets or in the vicinity of the School building before the ringing of the School bell.

9. Any pupil marring, defacing, or in any way injuring anything connected with the school property, shall pay the value thereof as estimated by the Superintendent, or it may be referred to the Board.

10. Pupils are strictly enjoined to avoid falsehood, profanity, and all indecent language, and to conduct themselves in an orderly and decent manner, both in school and out.

11. Should the example and the influence of a pupil become very injurious, and his reformation appear hopeless, his parents or guardian will be required to withdraw him from school.

12. The High School is expected to set an example to the other public schools; and its pupils must unite with its instructors to secure that degree of eminence that shall make it excel in point of regularity of attendance, studiousness, creditable recitations

good order, and mannerly deportment generally; and any pupil whose negligence in study or course of conduct is such as to impair the standing of this department, may be reported to his or her parents; after which, if there be no improvement, such pupil may be dismissed from school.

13. These and other special rules that may be announced from time to time by the Superintendent and teachers, must be carefully obeyed; and any pupil who repeatedly violates them or shows a disregard for the morals of good society, so that his conduct is injurious to his associates, will not be allowed the privilege of the school.

14. Any child who shall be guilty of falsely maligning his or her teacher, by charges of cruel treatment, without foundation, shall be suspended or expelled from school.

15. Scholarship, as shown by the monthly examinations, shall be the only test of merit in awarding the honors.

16. No member of the graduation class shall be considered in the contest for class honors, unless he or she shall have stood eight monthly examinations during the year.

17. No pupil shall be admitted to the Primary grade after the middle of the third month of each term, unless such pupil can be classified with those already belonging to such grade.

18. Diplomas will be issued to those who complete the prescribed course with credit. Certificates of Distinction will be awarded at the close of each session, for superior scholarship in the several departments. The standard of scholarship being not less than 85 per cent.

20. Graduates of the High School may return and pursue therein any study at pleasure: but they will not be allowed to contest for the prizes and honors, and the teachers will not be required to keep a record of their attendance and scholarship; *provided, however*, that such pupils shall comply with all the regulations of the school and be subject to its authorities.
